DESCRIPTION

Pure Covenant and Herbal Center is a center that provides excellent natural health remedies. PCHC offers the following services and therapies: hydrotherapy, massages, physiotherapy, pure honey treatment, herbal enemas, herbal poultice, diet and nutrients, use of medicinal herbs, and mind cure.

The center treats various diseases... but with herbs. We believe that all diseases can be treated and cured if nature is allowed to perform its work, with also the mind directed to the Greatest Physician, Christ the Saviour.

We play our part by physical analysis and thorough examination to ascertain causes of individual's ailments before administering medicines. We believe there is a single way of curing diseases—cleansing of the blood.

Most of the herbs and food items you find on our shelves are African oriented herbs and foods. Most of these medicines are in the form of granules, powder and dry chopped roots and backs, which are mostly prepared by decoction and infusion and drunk as teas. And it is our strongest belief that natural medicines prepared in the simplest, austered forms like these are the best and effective way of treating and healing diseases.

We have but a few medicines in the form of tablets, capsules, pills and tinctures. Our observation is that, nature treats more effectively if it is done in their most natural manners as possible. See products. Tour our site for detailed information on our products and services. Thank you
